**Re: Money well spent**

I originally took my CBT with Mike Barlow in May 2013. As this was coming to its expiry date I decided that I would enrol for the Direct Access Scheme.

I am a born again MOD who is re-living the late 60's after purchasing a fully refurbished 1965 Lambretta LI125 Special. I wanted to have the ability to take my wife on the back, especially when we attend some of the Scooter Rallies around the country.  
To enable me to legally do this I needed to pass my full bike test (DAS).

I decided to go for the Course 3. (c) Training that included:

*CBT,  
UNLIMITED module 1 training,  
UNLIMITED Module 1 tests at ( £15.50 )  
UNLIMITED Module 2 training,  
And up to 4 Module 2 tests at ( £75 )  
£850 plus £5 each visit as a contribution towards Fuel.*

I know that there have been a number of people posting testimonials on Mike's website saying they passed first time, however I wanted peace of mind of knowing that I had the safety net of unlimited training and unlimited Mod 1 tests and up to 4 Mod 2 tests.

How pleased was I that I paid £850 for this option, especially after failing my first mod 2 test (down to me making a silly error) Mike had fully prepared me for the test so it wasn't a case of me not being ready. It allowed me to relax with the knowledge that if needed I had the option of another 3 tests. Thankfully I got through after 2.

Mike, I would like to say a very big thank you for all your hard work and patience in getting me through the tests, it's been an absolute pleasure spending time with you. I have particularly enjoyed our chats over a coffee after training. You are definitely an expert in your field.

"Anyone thinking about receiving motor bike training, look no further, this guy is the best there is"
